

## B.2. Operations Control Checklist (Operation Supervisor)

Operations Control Checklist			
No	Item	Time	Initials
1.	Log message received from operations and verify as much as possible, e.g. by first-hand identification of logo/registration, location or aircraft type.		
2.	Call Accountable Manager and relay the information. Obtain instructions either:		
	• Instruct OCC to initiate call-out and activate EMC or		
	• Standby and be ready to activate EMC or		
	• Do not activate EMC – Checklist ends here.		
3.	NOTIFY Crisis Management Service Provider (Go Crisis) that incident has taken place. <b>Authority to ACTIVATE will be Emergency Management Team</b>		
4.	Operation Supervisor to proceed to EMC.		
5.	Establish contact locally to the incident, either ATC, airport, handling agent etc		
6.	Quarantine all electronic information such as:		
	• Flight plans		
	• Emails		
	• Associated Flight in PPS/Crew briefing		
7.	Collect all documents relating to flight from dispatch, including manuals used by the crew and any notes about the flight and at least all of the following:		
	• Weather reports, briefing notes and charts		
	• Clearances		
	• Notams		
	• Crew names		
	• Crew duty roster, including preceding month		
	• Paper copies of flight plans		
	• Fuel load calculations and if possible, copy of fuelling docket		
	• Load-sheet and calculations		
	• Dangerous goods details		
	• Cargo manifest and any relevant information on load		
	• VIP details or passenger manifest		
	• Route and approach charts		
	• Route briefing sheets and manuals		
8.	Open EMC (delegate if possible):		
	• Switch on TV, computers, printers etc, and log-on if password is known.		
	• If possible, delegate the administrator's checklist.		
	• Write basic details and brief summary on the whiteboard using the template provided.		
9.	Check everyone on the call-out has been contacted and responded.
